

CAR WRAP SCAM

HOW TO SPOT THE "OFFER"

These scams can be anywhere. Internet advertising, phone calls, emails and even text messages.

HOW THE SCAM WORKS

The fraudsters will tell you that they will pay you to have an advertising wrap on your car. The check is your first payment plus the money to cover the installation. You are to send the payment by gift card, money order, or wire. Once you send the payment you find out from the bank that the check you received did not clear.

HOW TO SPOT A SCAM

If you get any message urging you to deposit a check then send money anywhere,

IT'S A SCAM no matter the story!
